Date: September 19, 2015

Directive # 7

Welcome back everyone to the start of another year. Hope you all had a great summer.

Our newly elected Ontario Provincial Council Communications Chairperson sent me the following information regarding the *Pornography Hurts* campaign for 2015.

A new postcard format and schedule are currently being formulated at the national level but, at this time, it is not known when either will be available.

It seems that several councils have already ordered their postcards and are poised to conduct their campaigns in the very near future. With the approval of National Communications Chairperson Fran Lucas I encourage councils ready to proceed to do so. They could then mail the postcards or hold onto the completed/signed postcards until the new schedule is released. Councils not ready to proceed at this time have the option of waiting for the new postcard and schedule to be sent. What is of prime importance is that councils conduct and participate in this campaign.

The minute further information is received it will be passed along to you.

As soon as I get more information I will pass it along to you.

May Our Lady of Good Counsel guide and bless you in our endeavours.

Sandra
