Directive # 5

“Rethink, Reduce, Recycle”

How are you and your council disposing of your ink/toner printer cartridges when they are no longer useable?

According to research studied by Mary Capobianco, Provincial Recording Secretary, “11 ink cartridges per second and 1 million toner cartridges per day are thrown away instead of recycled” as they should be.

When you recycle these items, you save on time, energy and natural resources to make new ones.

How can you help?

- Form a committee to investigate and discuss how you can promote recycling of these items.
- Decide if you will do this as CWL, parish-wide or even go to the schools to involve them.
- Educate – Engage – Encourage your members to recycle these items.

“Our Common Home” needs your help! Stand up, speak out – this is the only common home we have and it needs to be protected.

Join the Provincial CWL Challenge (see attached form)

A poster regarding recycling these items, supplied by the Provincial Recording secretary, is also attached.

Yours in Christ,

Willi
