(Michelle Obama)

Welcome to 2023! The League is in the process of embracing many changes. It has never been more important for us to promote Teamwork. Since there is no I in team, embracing the above quote is great advice. Please work as family groups. Everyone has goals but it is necessary to listen to what others have to say. Remember no idea is ridiculous, but it may have to be modified.

Government at all levels start with ideas and then hopefully those ideas proceed to making our lives better. This is why, right now, we need to see what the government is doing with Bill C- 7 (MAID) and Bill S- 248 with further amendments to (MAID).

Has your council taken on the ‘Faith in Action- Making a difference Project’? This is a project suggested by OPC Chairperson Mary Capobianco. It is not too late to start doing something about it.

Legislation and Resolutions will no longer have separate chairs, (To be found in Social Justice Pillar in the near future) but we still need to watch the Government’s actions and resolutions are still necessary. We have the measures to affect change, if we use them.
Please remember we, the Diocesan Council members, are here to help!

F.Y.I.

- There are Legislation and Resolution workshops on our cwillondon.ca
- Watch for the amendments from National CWL
- We have 2 resolutions to present at AMM in Sarnia, April 2023

Happy New Year!!!

May Our Lady of Good Counsel Bless you!

Remember: Our Lord always has time for you, Take time for him!
